

Ideation Phase

Define the Problem Statements

Date	03-10-2026
Team ID	6ab75bec02319e850fce1837
Project Name	Import Data using Transform Maps (Spreadsheet)
Maximum Marks	4 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
	Describe what problems or	

ServiceNow – Customer Problem Statement

I am	I'm trying to	But	Because	Which makes me feel
An HR Manager / ServiceNow Administrator	Import employee training data and link each record to the correct employee.	Manual entry and incorrect field mapping can cause missing or inaccurate	Spreadsheet data must be imported through Import Sets and Transform Maps, with employee	Frustrated by data errors, but confident when role-based ACLs secure the records.

Problem Statements

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	HR Manager	Import employee training records from a spreadsheet.	Data can be entered incorrectly or mapped to the wrong	Import Sets and Transform Maps are required to map	Concerned about data accuracy.
PS-2	ServiceNow Administrator	Link employees and use department details while controlling	Users without the required role should not see or	Dot-walking and ACLs are needed for related data and role-based	Secure and confident about controlled access.
